Concord Rancher Slits His Throat In Martinez Prison, Is Near Death

MARTINEZ, Sept. 8.—(UP)—Avelino Augustino, 39, Concord rancher serving a 30-day sentence for disturbing the peace, slashed his throat seven times and at the same time battled

a score of officers and prisoners who attempted to stop him from committing the act.

He was rushed to the county hospital where attending physicians declared there was little hope of recovery.

The crazed man was discovered waving a razor in the air by a fellow prisoner who called police. All efforts of the police failed to stop the man. They could not enter the cell because of its peculiar construction and location.

Attempts were made to render the man unconscious by hitting him on the head with "night sticks" but this failed.

Augustino was arrested last Sunday on complaint of his wife who declared he threatened to kill her and her two year old daughter.

Today she filed suit against him in court.

Augustino was to have been paroled tomorrow, papers having been signed today for his release, which was to have been given him Sunday.

Hot off the Griddle

AHMED BEY ZOGU, the Albanian president, who has made himself king, has ordered the people to acclaim him with enthusiasm when he mounts the throne for the first time.

Zogu is not a very wise man. History should have taught him that artificial enthusiasm for a regime is a poor prop for an unstable throne.

Julius Caesar had the good sense to make the gesture of thrice refusing the crown before accepting it. That at least pleased the people although it did not impress his intimates.

Zogu, issuing imperial commands before actually donning the royal robes, is like the young man attempting to take an airplane before learning to fly.

Both are due for a fall.

A NEW BRITAIN, CONN., MAN admits poisoning his brother because he loved the latter's wife. The victim had taken the self-confessed murderer into his home, fed him and helped him. The brother resented him by seducing his wife.

The bars of morality and decency broken down all the baser impulses took possession of him. His depraved mind conceived the idea of placing poison in his brother's beer so that, by his own confession, he might "die like a dog in the yard." Illicit love is a corrosive that sears the character of its victims. It blinds and destroys.

EL OUFRI, WINNER OF THE classic Olympic marathon, is coming to America. The Little French Arab has decided to turn professional and dash to a fortune on his Mercury-winged feet. Sports purists will elevate their noses at this, but nonprofessional athletes are beginning to learn that altruism serves only to swell the coffers of amateur organizations.

Bill Tilden, suspended for a minor infraction of the rules, has learned that Jole Rav, after giving his best years to his sport, has leaped it, too, as did Suzanne Lenglen before him. El Ouafi is guaranteed \$10,000 for his American appearances. That will buy plenty of trophies and still leave enough to invest in good bonds.

Former Deputy Sheriff Dies

MARTINEZ, Sept. 8.—Fred W. Johnson, for many years a deputy sheriff, died last evening at the Martinez hospital where he had been under the care of doctors and nurses for more than a year past.

Johnson was a native of New York and 70 years of age. He served as a deputy sheriff and later here for many years and later acted as a special deputy assigned to industrial plants. He leaves three sons, Edwin A. Johnson of Nichols and Harry and Fred W. Johnson, Jr. of Martinez.

Killed

MAURICE BOKANOWSKI, French minister of commerce and air, was burned to death when his airplane caught fire and crashed near the military airfield at Toul, France.

Condition Of Crash Victim Held Critical

E. P. Spaulding, 75, of 621 Twenty-first street is in the Cottage Hospital suffering from a fractured left leg and shoulder blade and badly lacerated hands.

Head and face injuries from an automobile accident near Tracy. His condition is said to be serious.

The accident occurred while Spaulding was en route to Los Angeles to visit relatives. It is believed that he stepped on the throttle by mistake when he intended to apply the brake, causing the car to dart across an irrigation ditch and overturn three complete times.

Spaulding has been janitor of the Richmond Masonic hall for the past 11 years.

Blaze Wipes Out Business Block

OROVILLE, Sept. 8.—Damage estimated at \$80,000 was done when a row of business establishments here was destroyed by fire today.

The fire broke out in the heart of the business section. When the blaze was discovered by Patrolman Jack McKillop, flames were shooting from the Taber Grocery store, where the fire is believed to have originated.

McKillop summoned the volunteer fire department and more than 28 men battled for hours to prevent spread of the conflagration.

The destroyed stores, in a one-story building of frame construction, were owned by Bert Meek, State director of public works. Meek announced today that he will begin reconstruction work immediately.

Starting in a one-story warehouse used by the Shaw family, Incorporated, a fruit canning and packing concern, the fire ate into two other Shaw warehouses. The greater part of the season's canned goods pack was destroyed, with a loss of \$150,000.

Four private garages and the home of T. E. Simpson were destroyed before the flames were choked out. For some time the entire block was menaced, but no one was injured.

Three Are Killed In Chemical Blast

TORONTO, Ont., Sept. 8.—Three men were killed and eight injured today when an explosion and a fire destroyed a part of the plant of the Dominion Tar and Chemical Works.

The dead are William McIntyre, Charles Neville and George Korack, all of Toronto.

CAL. FETES BIRTH Big L. A. Air Show Opens

PLANES GATHER FOR GREATEST AIR SPECTACLE

By GEORGE H. BEALE
LOS ANGELES, Sept. 8.—This city became the center of the world's aviation activities at noon today when the national air races and international aeronautical exposition were dedicated before thousands of people at Mines Field.

Mayor George E. Cryer formally opened the great exhibit by drawing aside a large curtain at the main entrance to the show hall and the flying field.

Three biplanes flew over this and adjacent cities, in mass formation, and the greatest aerial exhibition of all time was on.

When the planes returned to Mines field that airport already was flooded with some of the thousands who will view the races, stunts and air demonstrations of the nine-day program.

Southern California's proverbial clear weather held although the temperature was high. Flying conditions were said to be perfect.

The first program event brought a simultaneous demonstration of the latest improved model flying locomotive and one of the early type pusher biplanes.

The initial race will be tomorrow when the 500-mile around the world memorial will be run. A 60-mile U. S. navy squadron VBB will follow.

Monday the remaining contestants in the Class A New York to Los Angeles event will land at Mines field to claim their respective portion of a \$10,000 purse.

LONDON, Sept. 8.—Because Secretary of State Kellogg visited Ireland, but not England, on his way home from signing the anti-war treaty at Paris, British cabinet ministers on duty during the vacation season are being subjected to a barrage of criticism from newspapers and opposition politicians.

The interpretation drawn by many persons from Kellogg's failure to visit London, where he was American ambassador before he became secretary of state, was that the United States was angry because of the negotiation of a treaty between Britain and France for limitation of tonnage of naval cruisers, destroyers and submarines.

Today criticism became even more heated with publication in several newspapers of statements that the treaty was to be scrapped because of American opposition.

FLOATS WILL DEPICT ERAS IN HISTORY

Richmond Native Sons and Daughters today will join with thousands of delegates from all points in California at Admission Day ceremonies in Oakland when the seventy eighth anniversary of the state's birthday will be observed.

All past presidents of the local organization will participate in the huge parade commencing at 10:30 tomorrow morning, forming at Tenth and Market streets. The officers will ride in the float entered by the Past President's association.

Mrs. Allen Page, district deputy of Richmond, last night attended a meeting of district deputies of the organization held in Scottish Rite Hall, Oakland, when more than 100 candidates from all state points were initiated.

It was estimated that more than 20,000 delegates were in Oakland for the ceremonies. While accommodations were made for nearly 20,000 visitors over the holidays.

An automotive electrical parade was held last night commencing at 8 o'clock. City officials of Eastbay communities participated. Today the state's birthday will be observed in all churches of this district with special exercises.

Sports loving participants in the celebration will have the opportunity of viewing salt water competition on Lake Merritt, where outboard motor races will take place throughout the day, and on the estuary, where a regatta will be held under the auspices of the Pacific Association of Amateur Oarsmen. The latter races will start from the foot of Twenty-third avenue at 11 a. m.

Other events scheduled for today include the All States Society picnic at Mosswood Park at 1 p. m. and a concert by the Municipal Band at Lakeside Park at 2:30 p. m. In the evening the Alameda county parlors will play host to visiting delegates at the municipal auditorium from 8 p. m. until midnight.

The Eastbay celebration of the state natal day will reach its climax Monday morning when California's history from the days of the first Spanish explorers, down through the coming of the Padres and the hectic days of Forty-nine up to the present time, will be displayed in the pomp and pageantry of a 14 division parade.

Mayors and other civic officials from 60 California cities, as well as numerous delegations of firemen and policemen from nearby counties will participate.

Members of Harmony court, Order of Amaranth, enjoyed a social hour following a business meeting in Masonic hall presided over last night by Royal Matron Mrs. Elizabeth Gerlach and Royal Patron James T. Narbett. Refreshments were served by a committee consisting of Mrs. Gerlach, Mrs. Velma Quinn and Mrs. Minnie Phillips.

On September 22, there will be a card party in the hall to which the public is invited. A number of lovely prizes will be awarded to those holding high scores in addition to a handsome door prize.

An executive meeting was held last night and drill practice was held for an initiation to be held soon. A number of out-of-town visitors were present.

Alice Rhodes And Perry Judkins Are United In Marriage

Stealing a march on their friends and relatives who were expecting them to be married today, Miss Alice L. Rhodes and Perry W. Judkins were quietly married last night in the First Baptist church. Rev. Weldon Wilson performed the ceremony which took place shortly after eight o'clock.

The bride wore a lovely traveling ensemble of white and carried a bride's bouquet of lilies of the valley and orchids. Mrs. Margaret L. Morse of Vallejo was her maid of honor. Maxwell L. Morse attended the bridegroom.

Mrs. Judkins is the daughter of Mr. and Mrs. George Rhodes, formerly of Richmond and now of Berkeley. Judkins is the son of Mrs. P. W. Judkins of 1016 Nevins avenue.

The couple left for a wedding trip "somewhere in northern California," and on their return will live in Richmond.

Mr. and Mrs. M. L. Morse who witnessed the wedding were married only a week ago in Vallejo when Perry Judkins and the then Miss Alice Rhodes were their witnesses.

LUNCHEON, SOCIAL HELD AT JEFFERY HOME

A luncheon and social afternoon were held in the home of Mrs. Joseph Jeffery, 551 Sixth street Friday afternoon.

Guests of the affair included: the Mesdames D. H. Rothschild of San Francisco, W. Young, Fred Williams and Paul Scott of Berkeley and the Mesdames L. Lambie, T. D. Floyd, P. I. Jackson, J. Jassin and H. Richards of Richmond.

PERES P. T. A. WILL MEET HERE TUESDAY

Mrs. L. Fowler, 809 Seventh street, will be hostess to the home department of Peres P. T. A. each association, Tuesday, September 11. Members are urged to attend the affair as important work in outlining the department's fall activities will take place.

Eunice Eggerth Becomes Bride Of Clarence Miller

At a charming wedding in Stages Presbyterian church last evening Miss Eunice Eggerth became the bride of Clarence Miller. Rev. H. K. Sanborne performed the ceremony.

The bride wore an orchid crepe and lace gown and carried a bride's bouquet of orchids and pink sweet peas and lilies of the valley. Her maid of honor, Juditha Fields, wore pink georgette and lace. Little Adele Liker, flower girl, wore pale green tulle and lace. Archie Higgins attended the bridegroom. Walker Denison and Roy Higgins were ushers.

Two appropriate solos, "I Love You Truly" and "O Promise Me" were sung by Mrs. Ida Kelly. Mrs. Edna O'Rourke played Mendelssohn's wedding march.

Following a reception for the immediate families, given in the home of the bride's parents, the couple left for a wedding trip to Tahoe. They will live at 466 Eighth street on their return.

The bride is the daughter of Mr. and Mrs. F. H. Eggerth. She is a graduate of Richmond Union high school class of 1924. Miller has also attended Richmond schools and has been living at 215 Twenty-second street.

Birthday Party Is Honoree At Miss Ericson

The eighteenth birthday anniversary of Miss Marguerite Ericson was celebrated this week by a dinner and theatre party at which her parents, Mr. and Mrs. D. Ericson of Gaynor avenue were hosts.

Pink and blue asters were employed in the centerpiece of the attractively appointed table where the dinner was served. Afterward the guests were escorted to the theatre. In the party were the Mesdames Margaret Powell, Ruth Aspgren, Alma Glaiber and the honoree, and the Messrs. Albert Reinecker, George Levaggi, Clarence Ericson, and Henry Svendsen.

MEMBERS OF HERALDS ARE ENTERTAINED

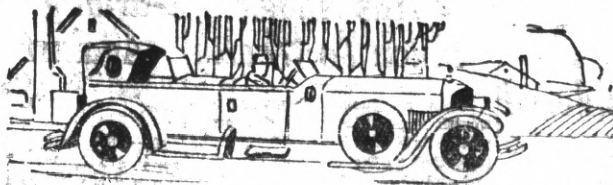

Honor members of King's Herald were entertained yesterday afternoon by the Women's Foreign Missionary Society of the Wesley Methodist church. All of the guests have been distinguished as honor students during the year, and three were presented with special awards. Evelyn Yeaton, Baldwin Peterson and Florence Christopher. The awards were given for industry in gaining new members, in raising money for missionary work, answering questions in their magazines and keeping up "Bob and Betty" books as well as other activities.

Mrs. W. A. Parsons, member of the District's children's work was guest of honor and gave a short talk on her work.

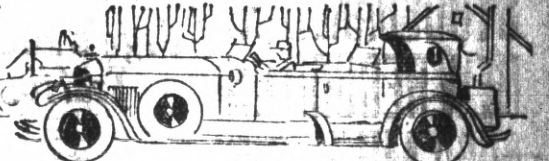

Florence Christopher and Marjorie Clarenbach were accepted as life members into the King's Herald. Their admittance makes a total of four life members for the year.

Refreshments served the children were arranged by Mesdames L. Pennington, J. Craig, Clara Thomas, C. G. Lindemann and F. Christopher. Games formed the amusement of the afternoon.

NASH TURNING OUT 1000 CARS DAILY, REPORT

Nash motors company officials announced that quality production of the new "400" Series cars in the great Kenosha, Racine and Milwaukee plants has reached the record total of more than 1,000 automobiles daily—the highest precision manufacturing mark recorded in the history of the company, according to H. P. Huddleston, local dealer.

This record peak, which closed the month of August with a total production of more than 21,000 cars, and which attained a one day peak of 1,020 cars on August 23, has been developed in little more than two months after the introduction of the new Nash Series to meet the greatest sales demands ever experienced by Nash interests. This is said to be the result of a carefully planned and executed manufacturing expansion system which will gradually increase production through September and October, within the rigid Nash standards of accuracy and fine workmanship which form the cornerstone of the company's business policy.

While this production accomplishment has been going forward in the three Nash plants, unprecedented demand for the new cars has been piling up ever increasing order totals for the Sales Department. August opened with 32,360 orders already on the books for August delivery, and this total had increased to approximately 35,000 in the month's closing days. Both production and orders booked made August the crowning month in company annals and convinced sales officials that Nash business in September will exceed even these high marks.

Chevrolet Party Inspects New Bay Bridge Site

A Chevrolet sedan and party at the site of the new toll bridge which is being constructed across San Francisco Bay by the San Francisco Toll Bridge Company. The bridge will connect Coyote Point near San Mateo on the peninsula side and Hayward on the Eastbay side. The entire construction is of steel and concrete and the concrete piles, deck slabs and spans are being cast in Alameda and floated down to the bridge site.

COMPLETION OF COOLIDGE DAM SET OCTOBER 1

Coolidge Dam, now being constructed in Arizona, is scheduled for completion about October 1, and will be dedicated soon after that date, according to the National Automobile Club.

The eyes of the engineering world are upon the Coolidge Dam,

for it is a new departure from its kind. It is what is known as a "multiple dam," and consists of three egg-shaped dams, supported by the canyon walls and by intermediate buttresses, with the smaller end of the egg resting as a support for the great bridge.

Thirty months was first allotted for completion of the dam, but construction has progressed with such remarkable expedition that the superintendent of construction predicts the dam will be completed some time before the contract expires. The bridge will form a part of a transcontinental highway in the future.

The Gila river, which the dam is being built into, is the chief tributary of the Colorado river,

and has its headwaters in New Mexico, flowing across practically the entire southern part of Arizona and joining the Colorado at Yuma in the southwestern part of the state. The Gila flows, in part, through the reservation set aside by the Government for the Pima Indians, a reservation embracing approximately 69,000 acres.

Hundreds of acres of the valley floor throughout much of its length are bestrewn with fragments of pottery of a type not made by the Pimas, which speaks a civilization more ancient than the prehistoric people were dependent upon the river for a livelihood is evidenced by traces of ancient canals leading long distances from its banks.

The Pima Indians were, from the first, friendly to white men; they were honest, and lacked the cunning and suspicion that was characteristic of the Eastern and plains tribes. Soon, white settlements were made at various points on the Gila river and, following the example set by the Pimas, the newcomers built canals to carry water to their lands. Consequently this diversion of the supply of water on the reservation until the Indians were at times on the verge of starvation.

With the completion of Coolidge Dam, the Gila valley is again to come into its own. The lands to be served by the irrigation project lie about 80 miles below the dam and constitute an area of 100,000 acres, 50,000 acres of which are allotted to the Pima Indians and the balance of which is under private ownership. There are some 5,000 Pimas who will be benefited.

The Coolidge Dam is located nine miles below San Carlos, Arizona, and was designed by the Department of the Interior. It is of considerable proportions, being 250 feet high and 900 feet long, and forming a reservoir 25 miles long. The entire project when completed will have cost approximately \$10,000,000, including the dam, a power house, and canals.

Examination Of Driver Necessary In Twelve States

An examination of drivers is required in twelve states having drivers' license laws and it is optional with designated officials in six others, according to the California State Automobile association.

The states in which an examination is required are: Arizona, California, Connecticut, District of Columbia, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, Pennsylvania, Rhode Island and Vermont. The states in which the examination is optional are: Delaware, Maine, New York, Washington, West Virginia and Wisconsin. Oregon does not require an examination.

CHEVROLET TO SPEEK OUTPUT AT NEW PLANT

The formal opening, during the first week of August, of the Chevrolet assembly plant in Atlanta, Ga., coming at a time when a similar plant is under construction in Kansas City, is further indication that there is to be no let down in the company's extensive sales program, according to information received by the Golden Rule Chevrolet company, local dealers.

The mammoth Atlanta plant, which has been in operation since May 1, is capable of turning out 350 cars a day, and was the eighth assembly plant to be opened by Chevrolet in this country. The Kansas City plant with the same capacity will be the ninth.

Atlantans welcomed their first opportunity of visiting the great assembly plant, and seeing the magic Chevrolet assembly line produce the world's most popular automobile from a set of seemingly unrelated parts. Atlanta newspapers welcomed Chevrolet to the southeast, and viewed the plant as a southern institution.

It was mainly southern contracting genius that built it in four months, one week and six hours, several days before the contracted time had expired. Southern help has been operating it ever since the first car rolled off the line. It serves the southeastern market exclusively supplying cars to the dealers of Georgia, North and South Carolina, Alabama and Florida. A southerner, W. S. "Crane" Roberts has been placed at the head of this, the newest and one of the greatest of the south's industrial institutions.

The plant covers 32 acres and occupies 410,000 square feet of floor space. There are five buildings, and in the main one the Fisher-Boring company is using 160 by 760 square feet of space to build their famous bodies for the Chevrolet closed cars.

The plant is ideally located with the tracks of the Southern Railroad paralleling its loading dock. Track storage for 300 cars is provided. Another facility to speed up deliveries is a driveway shed, 40 by 220 feet, where dealers from nearby cities can take deliveries of cars.

In his office at the plant, L. S. Costley, regional sales manager, has been directing a sales legion that has as its field 11,000,000 people in the five southeastern states. Figures for the Southeastern automobile market show that it is rapidly becoming one of the best in the country with the demand for Chevrolet increasing rapidly. Due to the perfection of its product and the expansion of its sales forces, Chevrolet's sales record in the southeast has been second to none.

Official figures show that the number of Chevrolets sold in the southeastern region were 16,390 for the fiscal year, 1924-25. The following year the figures reached \$3,417. Last year the figure was more than \$1,500. This fiscal year close to 95,000 sales have been registered.

The Southeastern Region, with headquarters at Atlanta, is composed of five zones with offices at various key points in the territory. These are located at Charlotte, N. C., Columbia, S. C., Birmingham, Ala., Jacksonville, Fla., and Atlanta.

Oakland Auto Is Built In Three Days

From bare frame to finished motor car in owner's hands in three days—might be the title of this piece. It is another story with a new angle on the high speed methods popularized by the automobile.

The principal character in the story is the Oakland Motor Car Company, with several railroads and steamship lines interwoven into the theme.

The story begins, according to J. P. Strom, local dealer, on a recent Tuesday when the Pontiac division of the Oakland company had on hand scarcely enough car frames for a full day's output. Charles O. Miller, supervisor of purchases, got in touch with the suppliers, the A. O. Smith company, of Milwaukee. They had the frames in stock. R. L. Reese, Oakland traffic director got busy with the railroads. They promised every aid.

On Tuesday morning the frames were loaded at Milwaukee on a Chicago, Milwaukee, St. Paul and Pacific train. The Grand Trunk ferry brought them to Grand Haven, Mich., where the Grand Trunk lines held up a crack train more than two hours to get the shipment to Pontiac, Michigan with all possible dispatch.

The frames arrived at the Pontiac factory on Wednesday morning, were immediately unloaded and started at one end of the assembly lines where, in an hour, they rolled off at the other and completed cars.

The Hokanson-Thompson company, Oakland and Pontiac dealers for Milwaukee, had sent in a hurry up order for new Pontiacs. The cars were taken from the Pontiac production line to Detroit and there loaded on a Nicholson Steamship company boat on Wednesday afternoon.

The boat docked at Milwaukee on Friday morning, the cars immediately were delivered to their destination, arriving in the purchaser's hands by Friday noon—the cars built on the identical frames sent from Milwaukee on Tuesday.

ROAD LEADERS TRIP TO HOT SPRINGS LURE TO MOTORISTS

Highway leaders of northern and central California will confer on a number of important highway development problems affecting California and other western states, and the subject of routing and directing motor travel to this territory, at a meeting to be held in San Francisco Tuesday, September 11.

The conference was called by H. J. Brunner, president of the California State Automobile association, who stated that 150 leading men of affairs interested in improvement and extension of the tourist routes and promotion of motor tourist travel have been invited to attend the sessions which will be held in the St. Francis hotel.

Direction of transcontinental motor travel to northern and central California will have a prominent part in the conference discussions, Brunner stated, explaining that a program for drawing tourist travel to this territory, recently inaugurated by the Automobile association has produced gratifying results. Plans for extension of the scope of these activities will be mapped, he said.

The conference will discuss the highway development problems with particular attention to motor tourist routes traversing the west and leading to northern and central California.

"California has a vital interest in road problems of other western states," said Brunner. "One such problem is that of securing legislation to permit the Federal government to build highways over unappropriated public lands. After the veto of such a measure following the last session of congress, new developments arose indicating it may be advisable to reopen this subject."

"A problem of recent origin is that of the condition of transcontinental highways leading to California. Improvement of these routes has brought increased travel and gravel surfaces in many sections have not been capable of sustaining the heavy traffic. Means must be found for protecting these gravel-surfaced roads, probably by the application of oil, a method now extensively used in California."

TRIP TO HOT SPRINGS LURE TO MOTORISTS

Few trips in Southern California have a greater historic or scenic interest than the drive from Los Angeles to Warner's Hot Springs, returning via Bismarck, and the Coast Route, according to the touring department of the National Automobile Club.

Following the Valley Blvd. to Pomona thence south to Corona, through Temescal Canyon to Elsinore and Temecula, the motorist will follow very closely the route of the first transcontinental stage, the Great Butterfield line, established before the Civil War to carry mail and passengers from St. Louis to San Francisco.

Pala Valley is the home of the Agua Caliente Indians who were evicted from their tribal lands at Warner's Hot Springs in 1902. While the eviction at that time caused widespread indignation and the older Indians have not become reconciled to the change, the younger Indians have accepted present conditions without resentment and the substantial bungalows which have replaced the old wooden shacks and the fields of waving grain testify to the industry and thrift of this tribe.

The route continues up the valley of the San Luis Rey River, over the Cueva Grade. The road for many miles parallels the river and passing the old mission and picnic spots are to be had, the chief one being the San Luis Rey free Government camp ground, located 15 miles east of Rincon.

The same type of splendid gravel road leads to Lake Hemshaw and follows the lake shore for several miles to Morristown, thence north to the springs. Hundreds of cattle now graze on the green floor of the great bowl in the hills which comprises the immense tract of land deeded by Governor Pico to Jonathan Trumbull, Jr. There are excellent accommodations at Warner's in the quaint little adobe houses. From Warner's the road leads southward to Morristown and over a low divide to the valley of Santa Teresa, thence through Ramona and San Pasqual with its historic battlefield, Escondido, Vista and Oceanside thence homeward by way of the familiar Coast route through San Juan Capistrano.

AUTO CLUB HAS BEEN ACTIVE FOR 21 YEARS

Marking twenty-one years of service in behalf of motorists, the California State Automobile Association "became of age" this month, celebrating its twenty-first anniversary. The history of the motorists' organization of North-

ern and Central California during the more than two decades, declared H. J. Brunner, association president, traces the progress and development of motoring in the state.

The organization had its beginning as a civic and service cooperative association, operating without profit, when a small group of owners in the "horseless-carriage" age gathered in a downtown San Francisco office to visualize the era of good roads and the need of organized motordom. One employee was engaged to serve the few hundred in the group. Today, the Association employs number 720, serving thousands of motorists daily. A few

figures demonstrating the pre-eminent position of California as a motoring state and the leading position of the association were cited by Brunner as follows:

With a membership of over 79,000, the State Automobile Association is the largest of the 1,056 affiliated clubs of the American Automobile Association, the only nation-wide motoring organization. Its ratio of membership to registration is the highest of any A. A. club.

More than 65,000 motoring parties a month are being served by the Association Touring Bureau with maps and road information. Eighty-four thousand road-signs have been erected by the Association at a cost to the organization of over \$480,000.

An average of 200 calls a day are being answered by the Association Free Emergency Road Service for members.

Thirty-two offices in as many cities constitute the Association's system of district homes of service. The association Inter-Insurance Bureau, operated without profit, has a claim adjustment service available in sixty-six cities.

Association cars have traveled 380,000 miles in logging roads, for map purposes.

Public safety activities, support of highway construction activities, fostering of modern motor vehicle legislation, improvement of traffic conditions and betterment of motoring conditions were cited by Brunner as among the civic activities of the association.

SPEEDER IS FINED

Lester C. Duffy of 339 State office building, San Francisco, was fined \$15 by Justice of the Peace Arthur A. Alstrom on a charge of speeding 50 miles per hour in a 40 mile zone. The arrest was made by State Traffic Officer Charles H. Nissen.

Studebaker's Pledge to the Public on Used Car Sales

We sell USED cars on the same basis as we sell NEW cars —ONE PRICE —THE SAME PRICE TO ALL —every car honestly represented and honestly priced. You can buy any one of our fine used cars —under the protection of the Studebaker Pledge —and know you have made an investment in a quality car that will last longer, give infinitely more satisfaction, riding comfort, and power than a new car of cheap construction and uncertain life.

Measure used car value by the Studebaker Pledge.

No matter what make of used car you intend to buy you can not afford to purchase without first seeing our fine selection of open and closed models, painted in popular and striking color combinations, and backed by the Pledge that is your protection.

1—All used cars offered to the public shall be honestly represented.

If a car is suitable only for a mechanic, who can rebuild it, or for some one who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.

2—All Studebaker automobiles which are sold as CERTIFIED CARS have been properly re-conditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.

This is possible because tremendous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.

3—Every used car is conspicuously marked with its price, in plain figures, and that price, just as the price of our new cars, is rigidly maintained.

The public can deal in confidence and safety only with the dealer whose policy is "one-price only—the same price to all." For to sell cars on this basis, every one of them must be honestly priced to begin with.

4—Every purchaser of a used car may drive it for three days, and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock—new or used.

It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.

Not only to the public, but also to The Studebaker Corporation of America, whose cars we sell, we pledge adherence to the above policy in selling used cars.

USED CAR DEPARTMENT

15th St. and Macdonald Ave.

We do not risk Studebaker's reputation on used cars.

Confidence

ALMOST without exception the people who come here to buy an automobile do so because they have confidence in us, in the car we sell them, and in our ability to see that car ownership brings constant satisfaction.

School nurse says all girls should know this

TALKING to a roomful of high school girls on personal hygiene, an experienced district nurse said: "One of the basic rules of health for girls is to keep the system functioning naturally at all times. Normal exercise and good habits should be encouraged. But when necessary there's no harm in taking a little medicine to help the system function properly. It's a thoroughly safe and harmless method. It won't cause distress or any pain or griping."

Nujol is different from any other substance. It contains no drugs or medicine. It can be taken safely no matter how young a girl is. It's a pure, natural substance. Every woman should keep a bottle on hand. Every doctor has this remarkable substance. Get the genuine.

New Musical Revue Today

"Kiss Me, Caroline" is the title of the second week's offering of the Nat Holt Comedians at the California Theatre tomorrow.

This splendid musical comedy stock organization was received with great enthusiasm on their initial appearance here last Sunday and judging from the favorable comments heard on all sides capacity crowds will greet them again this week.

Bobby Fitzsimmons the featured comedian made a great hit as did the rest of the members of the company, including Clarence Wurdig, Valerie Noyes, Jimmy Edwards, Mary Fernando, Florence Spurrer, the Knight Sisters and the beauty chorus.

"Kiss Me, Caroline" is one of the fastest moving farce comedies ever staged and gives every member of the company a splendid opportunity to demonstrate their worth.

An appropriate new scenic setting, gorgeous new wardrobe and a snappy array of new musical specialties will be a feature of this show.

Nat Holt's Comedians is the only traveling organization of this kind carrying their own scenery, stage technicians and musical director intact.

On the screen "Say It With Sables" will be shown. It is a very entertaining mystery drama of a gold-digger's adventures.

FARRELL IN NEW TYPE HERE

Charles Farrell is promised in a totally different type of characterization in the title role of "Fazil," the new Fox Film which will be presented at the California Theatre two days, beginning tomorrow. In this Howard Hawks production, Farrell, co-starring with Greta Nissen, portrays a man of great self-will, but it is quite distinct from the cocksure confidence of Chico in "Seventh Heaven" or the dreamy aspirations of Cino in "Street Angel."

The self-assurance of Chico was the ingenious and infectious concern of a lowly sewer workman who believed that some day he would reach the heights. The masterfulness of Fazil is the indelible assurance of the man who has arrived, the superb arrogance of a prince. For Farrell typifies a sheik of the desert, a leader of his people whose family has "belonged" for centuries, and who is constantly but not annoyingly aware of that fact.

In this screen adaptation of Pierre Froendale's play, "L'Inconnu," he is made the motivating force for a dramatic struggle between the convictions of East and West. He moves through Venice, where he captures the first woman who has ever moved his heart; through Paris, where he takes her on his honeymoon, and through Arabia, where the conflict that inevitably ferments the pair moves to its end.

The Fox company has essayed in this picture to put such a union to its logical test and its logical conclusion, rather than develop it along the lines of the sugary tales of desert amours which have appeared lately. At the same time they have aimed to preserve the romantic values, as might be evident from their inclusion in the cast of Greta Nissen.

She portrays the pleasure-seeking Parisian girl who enters all unwittingly into a situation filled with dynamite. That situation brings out, with its picture of a Mohammedan seraglio, the curious paradox in the viewpoint of Eastern men, who rigorously demand the single standard of their women yet feel fully sanctioned in keeping a harem themselves.

Mystery Drama At California Exciting Play

"Say It With Sables" the Columbia production at the California Theatre is an absorbing murder mystery. It relates the tragic end of a gold digging adventures and how her love for sables brings her downfall. Passionate love sequences hold the attention. Powerful dramatic situations grip the audience through the sheer force of their presentation. Colorful society atmosphere offers strong appeal.

A father and son fall into the same trap, skillfully baited by the adventures. At the psychological moment the boy's step-mother awakens all to safeguard the happiness of her husband's boy. A clever twist at the climax is as surprising as it is original.

Francis X. Bushman portrays the father; Arthur Rankin the son; Margaret Livingston the adventures and Helene Chadwick the step-mother. It is a Frank Capra production.

The women will be intrigued by the gorgeous furs worn by Margaret Livingston, and the men will be fascinated with her winsome ways.

The picture is shown in conjunction with the Nat Holt Comedians who will present an entire new musical revue at both matinee and evening performances.

Recent Bride Is Given Shower By Local Women

Mrs. James W. Brackett, nee Pearl Trevin, was given a delightful shower this week by Mrs. Charles Mahneke in the bride's home in Nevada avenue. A dozen or more of the hostess' friends were invited to meet Mrs. Brackett, who is an eastern girl.

Sweet peas of pink, lavender and white shades formed the attractive centerpiece of the table where dainty refreshments were served the guests.

Many useful gifts for the bride's kitchen were brought to the honoree.

After a brief business meeting in Druid Hall Friday evening, Point Richmond Circle of Druids enjoyed an evening of cards. Holders of high scores were Miss Louise Novarini, Mrs. H. Burk, Mrs. Teresa Brignone and Mrs. Josephine Bonaccorsi. Miss Catherine Camerino was awarded the consolation prize. Mrs. M. J. Corr received the door prize.

The club will hold nomination of officers on the September 12 meeting.

NEWLYWEDS LEAVE ON WEDDING TRIP

Mr. and Mrs. Arthur L. Flynn are on their wedding trip following their marriage last night in Oakland.

The bride is the former Miss Alvina S. Hadler, of San Francisco. Flynn is the son of Mrs. Rose Flynn of Thirty-seventh street. He has been connected with the Standard Oil for several years.

Sky Blue Is Selected As Fashion Hue

PARIS, Sept. 8.—(U.P.)—Next year will be a blue one for America, regardless of how the elections come out.

The color arbiters of the world have just met in Paris and have decided that America must wear blue in 1929. So blue, especially the blue of a summer sky, will be the predominant color in America next year for everything from women's dresses to men's handkerchiefs.

European dye-makers, silk manufacturers, woolen goods weavers and the style makers for masculine and feminine wear decided long ago that they could put system into their business by agreeing on a color to be featured each season.

They called into their conference representatives of the American dye, cloth and dress trades and between them they decided that American women will all wear sky blue next year. To make their sky of a uniform blue they decided on a standard tone which is that of "a cloudless sky on a July afternoon."

Colors are going to be made to run in cycles, so that every five or six years blue will create a furore, with green, gray, beige and brown favored other years. The standardization of the trades' demands will help dye makers materially and will add to their riches because it means they will be able to concentrate their efforts on few rather than many colors each year.

Shower Party Is Held In Honor Of Ruth Cloud

An interesting shower-party was rendered Miss Ruth Cloud, bride-to-be of Clyde Parker on Friday evening at the home of Mrs. T. E. Wood in Pontsylvan avenue. Mrs. William Kleinkauf and Mrs. Wood arranged the affair to which members of the Plus Ultra class of the Baptist church as well as other friends of Miss Cloud's were invited.

Paper streamers of orchid and yellow from which were suspended small clusters of lavender sweet-peas decorated the dining room over the attractive table. Candles and centerpiece matched the streamers.

A "Cupid's Pond" containing the many lovely gifts brought for the honoree yielded its packages to Miss Cloud's "fishing."

The Cloud-Parker nuptials have been set for a mid-October date.

STAR CONTEST IS SPONSORED BY CALIFORNIA

You bet! The California theatre is in the West Coast Theatres Star Guessing Contest, America's fascinating new game.

Each matinee and evening a special reel showing ten famous motion picture stars will be flashed on the screen.

It will be the object of the audience to guess whom each star is. All one must do is be up on his movie favorites.

Voting blanks will be distributed at the theatre so that each patron may write in the names of the stars shown.

There are four of these special reels, each reel having ten stars to identify. A reel will be shown for one week which carries the contest over a one month period, showing forty stars in all.

New blanks will be distributed each week.

It is to be a very interesting, new and novel contest, guaranteed to get one going.

The contest got under way yesterday and reel number one will continue through until next Saturday when reel two will be shown for a week and so on until all of the 40 stars have been shown.

Jetta Goudal To Appear In New Griffith Film

HOLLYWOOD, September 6.—A recent United Artists bulletin said Jetta Goudal, the French beauty, was to play a lead role in "The Love Song."

The same item said that David Wark Griffith, the "old master," was to direct "The Love Song."

The statement failed to mention the really pertinent point of the situation—the bringing together of the actress most difficult to handle with the director credited with being the best handler.

Since Jetta Goudal first made an appearance at the De Mille studio her name has been synonymous with temperament.

Miss Goudal's failure to be among the ranking stars of the day has been blamed on her fiery Latin soul and her contempt for directors and producers. Griffith's success is based to a great extent on his ability to handle the most difficult clashes of temperament.

Miss Goudal became known as the most consistently erratic motion picture player when she was working on the De Mille lot.

Subsequently she went to Paramount where she "walked out" during the filming of "Spaniard." She sued Paramount for back wages and Paramount sued her for loss of time and money through her action.

The suits were settled out of court. The Paramount difficulty seemed to set Miss Goudal to a pace and she followed with an amazing series of similar actions.

It seems Miss Goudal still insists on so many close-ups per picture.

Incidentally, Lupe Velez, the Mexican star who is to be co-starred with Miss Goudal and William Boyd in the picture, has a reputation of her own in the temperament line.

The opinion prevails that Griffith will have his moments if Miss Goudal and Miss Velez get rampaging at the same time.

Pola Negri was the only film star who ever seriously threatened Miss Goudal's reign as queen of temperament.

Princess Pola always insisted on supplying her own emotions and when she was smothered she didn't want any aid from directors or anyone else.

Miss Negri's other pet aversion was visitors. The first guest was a sightseer or a high executive, that touched her set meant that "The Merri" was through for that day—and, perhaps, several more.

Greta Garbo still holds temperamental honor; at Metro-Goldwyn-Mayer and no-one ever accused Mae Murray of being balm for a director's heart.

NEEDLESS can be seen now in every variety of material. And the variety of style is wide too, to suit every type and within the compass of every purse. In moirs, taffets, Chinese brocades, velvet, chiffon and many of the less expensive materials. And they are as elaborate as one could wish them to be, or they can be had in the more severe tailored styles. Some lovely ones, although the material is usually very rich, are made on the order of men's dressing gowns. The one I have sketched is a delicious in color. A peach crepe satin negligee combined with cream lace on the collar and cuffs. The lace is very wide and, like the sleeves and the irregular hemline. The hemline too, is very much on the order of some of the women's evening gowns. The surplus showing is finished with a long silk peach tassel.

A HEALTHY STOMACH
Oakland, April 17, 1928.

I suffered from pain in the pit of my stomach for years. I tried many doctors who pronounced my case Stomach Ulcers. They treated me with medicine without results. Finally I came to FONG'S Successful W.A.N. After two weeks this was three years ago, and I still enjoy a healthy stomach.

'MALARIA MUGGS'

THREE HUNDRED YEARS OLD?
GIVEN THERE'S NO BOOK IN THE WORLD THAT OLD

C'MON IN MY HOUSE AN' I'LL SHOW YOU

THERE DOPEY!
IT SAYS PUBLISHED IN SIXTEEN FOUR! LOOK AT THEM GOOFY-LOOKIN PICTURES

YEAH! AN LOOKA THE TELEPHONE ON THE TABLE

AW DOPEY DONTCHA KNOW THEY DIDN HAVE NO TELEPHONES IN THEM DAYS! THATS A RADIO!

SEE THIS RING?
YES WHAT IS IT?
DIAMOND?

YOU OUGHT TO KNOW. IT'S THE ONE YOU GAVE MY SISTER

WHAT ARE YOU DOING WITH IT?

SHE SAID IT HAD A FLAW IN IT SO SHE GAVE IT TO ME

SHE WOULDN'T NOTICE A LITTLE THING LIKE THAT IF SHE LOVED ME CAUSE LOVE IS BLIND

MAY BE - BUT NEVER STONE-BLIND!

Babies Love It

For all stomach and intestinal troubles and disturbances due to teething, there is nothing better than a safe Infant and Children's Laxative.
